NOVEMBER, 10, 1908.

GOVERNOR CHAS. S. DENEEN, *Springfield, Illinois.*

DEAR GOVERNOR DENEEN:

In compliance with the duties devolving upon us as the Board of Trustees of the Southern Illinois State Normal University we herewith submit our Biennial Report for the period ending September 30, 1908.

As members of the Board of Trustees of one of the five state normal schools of the common-wealth, we take pleasure in commending your action in asking the last General Assembly for the authority to appoint an Educational Commission, whose duty it should be to recodify the school laws of Illinois, and make such investigations, in our own country and abroad, that would lead to such recommendations to the succeeding legislature or legislatures that would place the educational system of our state on a more rational basis, and place it in the front rank of school systems; thus eliminating many things that have hindered the state normal schools in securing their maximum amount of efficiency.

We wish also to thank you for your official sanction of our claims presented to the last General Assembly. We have endeavored to use the appropriations judiciously, and herewith submit the financial statement, which exhibits the receipts and disbursements thereof. We are especially pleased with our new Model School Building, which will soon be completed, and within the appropriation—\$50,000.00.

We make no apology for our increased demands from time to time, but justify our claims on the ground, that in educational matters there has been as great an advancement in these later years as there has been in other fields of progress; and we feel we would be derelict in duty did we not attempt to provide the very best for our young people.

With this view of our responsibility we submit, in addition to our report of the attendance, and the financial status of the institution, the budget for the next two years, with the assurance that the claims are just as reasonable and con-

sistent as those made in the past, and because of which our institution has earned the reputation of being modest in its requests.

Again thanking you for your deep interest in educational matters, and hoping that you may honor us by frequent visits at the institution, we remain,

Your obedient servants,

F. C. VANDERVORT, *President.*

HUGH LAUDER, *Secretary of the Board.*
